NEWS RELEASE

WINDSOR MACHINE EXPANDS GIBSON COUNTY, INDIANA LOCATION

Princeton, IN (July 15, 2010) – Windsor Machine Group, makers of automotive headrests, seating components, exhaust suspension systems, modular assemblies, rubber and plastic products and structural brackets and braces; headquartered in Windsor, Ontario is expanding it's Princeton, Indiana plant in Gibson County and will hire 50 new employees.

"With the help of the Gibson County Economic Development Corporation, Economic Development Coalition of Southwest Indiana, Indiana Office of Community and Rural Affairs, and the Gibson County Commissioners we were able to secure a \$500,000 Disaster Recovery Grant through a Community Development Block Grant program to purchase a Konal Polyurethane Foaming Assembly Line Machine which will allow us to fill orders for Ford Motor Company in both Kansas City, Missouri and Louisville, Kentucky." said Windsor CFO Dave Zultek.

B. Todd Mosby, President and CEO of the Gibson County Economic Development Corporation stated the news will be welcomed by residents in the tri-state. He said, "The Gibson County Commissioners will be the actual owners of the property for the first 5-years as Windsor works to complete criteria set forth in the grant. Once the criteria is met, Windsor will take 100% possession of the machine."

Windsor Machine Group currently employs thirty-two (32) people in their Princeton plant where they produce headrests products for Toyota Motor Manufacturing, Indiana.

The Gibson County Economic Development Corporation is a 501 c(3) not-for-profit corporation located at 202 E. Broadway Street in Princeton. The Gibson County Economic Development Corporation was formed in 2006 with a mission to coordinate, assist, and advise Gibson County in economic development activities.
