Governor Holcomb takes Southwest Indiana Next Level

It's a good time to live in the great state of Indiana. With accolades like a #2 rating for the cost of doing business (CNBC) or a AAA Credit Rating from three rating agencies, Indiana is creating opportunities for business and its workforce. Governor Holcomb is building on that stellar reputation through his *Next Level Agenda* for the economy, infrastructure and talent with the goal of creating an even more thriving economy for all.

Hear Governor Holcomb explain his *Next Level Agenda* with Coalition President & CEO, Greg Wathen.

Community Development At Home

For local business and government leaders, keeping local communities livable is essential for ongoing economic resilience and sustainability. To accomplish that task, individuals committed to the success of an area must keep a watchful eye out for opportunities.

To make that task a little easier in Indiana's Great Southwest, the following links are being provided to help your community stay livable and vibrant:

[Community Crossings Matching Grant 2018 Application Meetings \(Application Deadline September 28, 2018\)](#)

[Indiana Housing & Community Development Authority Outreach Meetings](#)

[INDOT's LPA Certification Program](#)

[United States Department of Agriculture Rural Development's Water & Waste Disposal Loan & Grant Program for Fiscal Year 2018 \(Funding is Available for applications received before the conclusion of the Fiscal Year\)](#)

If you have any questions about any of these highlighted programs, please feel free to contact [Carol Hagedorn](#), [Wylie Zeigler](#) or [Debbie Bennett-Stearnsman](#) or call the Coalition office at 812-423-2020.
