EVV Regional Airport Cuts Ribbon on Renovated Terminal

The Evansville Regional Airport cut the ribbon on its newly renovated terminal providing updated amenities for today's traveler. Updates included in the renovation are a streamlined TSA screening checkpoint, restaurant post security and parking lot improvements. The \$20M project has been under construction for three years.

In 2016, the Southwest Indiana Regional Development Authority authorized \$5M for the project through Regional Cities funding as one of the gateway projects for the Indiana's Great Southwest plan with the remainder from FAA funding as well as other public sources.

The Evansville Regional Airport now offers flights to Atlanta, Dallas, Detroit, Chicago, Charlotte and Orlando through American, Delta, United and Allegiant carriers.
